IMDB: <https://www.imdb.com/name/nm8181356/>

WWCC: 0300834A-02

I am a Registered Paramedic with 14+ years in pre-hospital emergency care and nearly a decade in Film & Television. Specializing in Unit Medicine, Stunt Paramedic work, Child Welfare, Covid Safety, Medical Scene Consultancy, and Ambulance Wrangling. Experienced in both small and large-scale productions worldwide, providing realistic medical consulting, safety oversight, and on-camera expertise. I have also Produced and acted in multiple projects.

SKILLS

- **Medical:** I have been working in prehospital care since 2010, gaining extensive experience across multiple state ambulance services. As a first responder paramedic, I have developed advanced life support skills, including airway management, cardiac monitoring, intravenous therapy, medication administration, trauma assessment, and emergency medical interventions. I am experienced in ensuring scene safety, performing medical extrications, emergency driving, and conducting water rescues. Throughout my career, I have managed a wide range of medical emergencies, including cardiac, respiratory, neurological, and trauma cases, providing rapid and effective prehospital care.
- **Film & TV:** I have been working in the film and TV industry since 2013, primarily providing medical services to productions as a Unit Nurse Medic, COVID-19 Safety Officer, and Medical Scene Consultant. In addition to my on-set medical expertise, I have contributed both on-camera and behind the scenes, and have recently begun exploring producing opportunities within the industry.
- **Equipment & Resources:** I can provide all necessary medical and first aid equipment required for your production, including advanced life support kits, trauma supplies, and basic first aid resources. Additionally, I have an extensive network of contacts and access to specialized medical and production supplies to support the unique needs of your project.
