MELBOURNE, VIC 3031

I am a motivated and attentive Melbourne-based filmmaker and have recently completed my honours in Film and Television at Swinburne University. I have built up an impressive personal portfolio over my time at university, wherein I developed a passionate interest in camera and directing. I enjoy working on a wide range of projects, and will never say no to a challenge. My focus and ambitions are directed towards gaining industry insight and experience in the camera department, where I hope to develop my practical skills and form meaningful and professional relationships.
