I am a Melbourne-based filmmaker with a keen passion for producing and assistant directing. Recently graduating with a Bachelor of Film and Television (Honours) at Swinburne University of Technology, I have gained an expansive range of production experience. This experience includes directing a documentary in Bangladesh as a part of an overseas study program and undertaking an internship at the company Brain Magic, creating short-form content for young Australians' mental health. I aspire to expand my experience in storytelling and find ways to bring provoking, innovative stories to the screen.
