Email: lindytaylor@mac.com; Mobile: AUS: +61 (0) 420 699 931

I'm a Melbourne-based Post Production Supervisor with extensive experience in scheduling, budgeting, and managing large teams. In 2022 I moved exclusively into post management after many years' working in senior production roles in Australia and the UK, which also encompassed managing all post production on many international projects delivering to multiple stakeholders. I completed the NFTS Post Production Supervision course in 2022 which was supported by Netflix, Amazon Prime & HBO Warner to further consolidate my skillset. I'm comfortable working on Australian projects running the schedule and post processes, or international projects which may also require full post production budget management responsibilities.
