

Lachlan Sweeney – Grip Assistant

Introduction

One of my first jobs as a Grip was on a Bollywood Feature Shooting in Melbourne. I had to learn how to understand and work with people who barely spoke any English and had many cultural differences to myself. Needless to say, I had my work cut out for me but I learnt a lot. Through the work I have completed as a grip assistant I have developed a clear approach to the role, consistently operating in a manner that efficiently and effectively assists the camera and maintains overall set etiquette. Bringing high energy, enthusiasm and work ethic, I am currently seeking work on both long and short form productions as an Assistant Grip to expand my knowledge and skills.
