Kitt is an experienced production co-ordinator with excellent logistics, budgeting and crew liaison skills. He has management expertise in working with teams and individuals, enabling a high level of communication and understanding.

Within Film, Kitt has begun to develop valuable skills and experience on set and understanding the wider network of industries that surround the world of film. By seeking work with Australia's top Production Designers, Art Directors and Set Decorators, Kitt is honing his expertise and becoming a versatile member of the Art Dept. Over the last 2 years Kitt has tried his hand within the Electrics Dept and is seeking out working with experienced gaffers and competent electricians to learn the art of the lighting world.

Kitt is comfortable working in any high-pressure environment, organising multiple international projects concurrently while maintaining professional dedication to the task.
