### PROFILE

A Melbourne (Naarm) based Location Manager, I love bringing diverse stories to life on screen. I've enjoyed working on locally produced indie films including Moja Vesna, Petrol, Shayda, Of An Age and Strange Creatures. I'm highly confident in balancing tight financial management while maintaining stakeholder relationships and adhering to all council, logistical and creative requirements. I also have experience scouting and location managing commercial shoots. I have a Master of Arts and Cultural Management degree from the University of Melbourne and, prior to location managing, I had a stint at Sweetshop & Green Productions.
