I am a hardworking personable and driven individual with diverse experience in the film & television industry. I have great computer skills and I am a highly organized person. From film to a live television set, I love the relationships that I get to build through each job and the constantly challenging and changing environment that comes with working in this industry. As a passionate film, television & sports enthusiast myself, I am committed to delivering creative work of a high quality in this field with the goal of refining my skills towards a position in Production, or as an AD/floor manager.
